

## Professional Profile

**Ryan Milivojac**  
Property Executive – CBD/Inner Regions

---

*“Multiple years in service industries have taught me the value of communication above all else.”*

Ryan commenced his career in the property industry in 2014. Since then, he has focused his energy on furthering his knowledge of all aspects of real estate practice, and on building long lasting relationships with both clients and colleagues.

Several years of military service has been the key to Ryan developing a strong sense of pride in everything he does. Regardless of the task at hand, Ryan conducts himself in the same professional manner, as the size of a task does not determine the amount of effort it deserves. Already a highly valued member of the CVA team, Ryan is both driven and determined to succeed and gains great satisfaction from thoroughly servicing his clients, and being contacted for his services via a referral.
